REPORT OF INDEPENDENT AUDITORS

To the Stockholders of Register Financial Associates, Inc.:

We have audited the accompanying statements of financial condition of Register Financial Associates, Inc., as of December 31, 2011 and 2010 and the related statements of operations, changes in stockholders' equity, and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standard generally accepted in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Register Financial Associates, Inc., as of December 31, 2011 and 2010 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III and IV is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Description of Business: The Company is engaged in a single line of business as a broker-dealer organized under the laws of the state of Georgia in 1992. The Company is registered with the Securities and Exchange Commission, the Financial Industry Regulatory Authority and the securities commissions of appropriate states. The Company's primary business is sales of publicly traded securities and investment advisory services. Most of the Company's customers are located in Georgia.

<u>Cash and Cash Equivalents:</u> The Company considers all cash and money market instruments with a maturity of ninety days or less to be cash and cash equivalents.

The Company maintains its demand deposits in high credit quality financial institutions. Balances at times may exceed federally insured limits.

<u>Securities Owned:</u> Investments in securities owned consisted of common stocks at December 31, 2011 and 2010. The securities owned are valued at market value. The resulting difference between cost and market (or fair value) is included in income. Proprietary securities transactions are recorded on the trade date as if they had settled.

<u>Furniture and Office Equipment:</u> Furniture and office equipment are recorded at cost. Depreciation is provided by use of straight-line methods over the estimated useful lives of the respective assets. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized. When items of property or equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in the results of operations.

<u>Income Taxes:</u> The Company has elected S corporation status whereby the income or losses of the Company flow through to and are taxable to its stockholders.

The Company has adopted the provisions of FASB Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes. Under ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, including its status as an S corporation, and the decision not to file a tax return. The Company has evaluated each of its tax positions and has determined that no provision or liability for income taxes is necessary.

The Company, which files income tax returns in the U.S. federal jurisdiction and various state jurisdictions, is no longer subject to U.S. federal income tax examination by tax authorities for years before 2008.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Estimates</u>: Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

<u>Securities Transactions</u>: Customers' securities transactions are reported on a settlement date basis with related commission income and expenses reported on a trade date basis.

<u>Date of Management's Review</u>: Subsequent events were evaluated through January 30, 2012 which is the date the financial statements were available to be issued.

NOTE B - LEASE COMMITMENT

<u>Operating leases</u>: The Company leases office premises under an operating lease. The Company's commitment under the office premises operating lease is approximately the following:

| 2012 | 216,000 |
|------------|--------------|
| 2013 | 220,000 |
| 2014 | 225,000 |
| 2015 | 191,000 |
| Thereafter | 175,000 |
| | \$ 1,027,000 |

Rent expense for the years ended December 31, 2011 and 2010 was approximately \$195,000 and \$188,000, respectively.

During 2010, the Company entered into an office premises lease that contains a period of free rent. The deferred rent liability arises from allocation of the rent payments due in subsequent years to the free rent period.

<u>Capitalized leases</u>: The Company leases office equipment under capitalized leases that incepted in 2002, 2005 and 2008. Amortization expense for capitalized property was approximately \$3,800 for 2011 and \$3,800 for 2010. The net book value of the leased equipment was approximately \$3,700 and \$7,500 at December 31, 2011 and 2010, respectively.

NOTE B - LEASE COMMITMENT (CONTINUED)

The following is a schedule by years of future minimum lease payments under capital leases together with the present value of the net minimum lease payments as of December 31, 2011:

| Year ending December 31: | |
|---------------------------------------------|-------------|
| 2012 | \$ 4,700 |
| 2013 | 1,000 |
| Total minimum lease payments | 5,700 |
| Less amount representing interest | (193) |
| Present value of net minimum lease payments | \$ 5,507 |

NOTE C - NET CAPITAL

The Company, as a registered broker dealer, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2011, the Company had net capital of \$497,339 which was \$397,339 in excess of its required net capital of \$100,000 and the ratio of aggregate indebtedness to net capital was 1.04 to 1.0.

NOTE D - FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET CREDIT RISK

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of corporations and institutions. The Company's transactions are collateralized and are executed with and on behalf of institutions, including other brokers and dealers and other financial institutions.

The Company introduces all customer transactions in securities traded on U.S. securities markets to another firm on a fully disclosed basis. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to non-performance by customers or counter parties. The Company monitors clearance and settlement of all customer transactions on a daily basis.

The Company's exposure to credit risk associated with the non-performance of customers and counter parties in fulfilling their contractual obligations pursuant to these securities transactions can be directly impacted by volatile trading markets which may impair the customer's or counter party's ability to satisfy their obligations to the Company. In the event of non-performance the Company may be required to purchase or sell financial instruments at unfavorable market prices resulting in a loss to the Company. The Company does not anticipate non-performance by customers and counter parties in the above situations.

NOTE D – FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET CREDIT RISK (CONTINUED)

The Company seeks to control the aforementioned risks by requiring customers or counter parities to maintain collateral in compliance with regulatory requirements, clearing broker's guidelines and industry standards. The Company has a policy of reviewing the credit standing of each customer and counter party with which it conducts business.

NOTE E - RECEIVABLE FROM CLEARING BROKER AND CLEARANCE AGREEMENT

The Company has an agreement with a clearing broker to execute and clear, on a fully disclosed basis, customer accounts of the Company. In accordance with this agreement, the Company is required to maintain a deposit in cash or securities.

Amounts receivable from its clearing organization at December 31, 2011 and 2010 consist of commissions receivable and funds on deposit in various accounts. The receivable is considered fully collectible at December 31, 2011 and 2010 and no allowance is required.

Amounts payable to the clearing broker dealer at December 31, 2011 and 2010 consists of margin debt collateralized by securities owned. The margin debt bears interest at 4.00%.

NOTE F - CONTINGENCIES

During 2010, the Company was subject to a disciplinary action by a regulator related to research reports. The matter was settled during 2010 for \$50,000.

NOTE G - RETIREMENT PLAN

The Company has a profit sharing plan with a 401(k), salary reduction plan feature, covering substantially all employees. Company contributions are discretionary and employer contributions for 2011 and 2010 were \$15,000 and \$20,000, respectively.

NOTE H - FAIR VALUE

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market

NOTE H - FAIR VALUE (CONTINUED)

for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

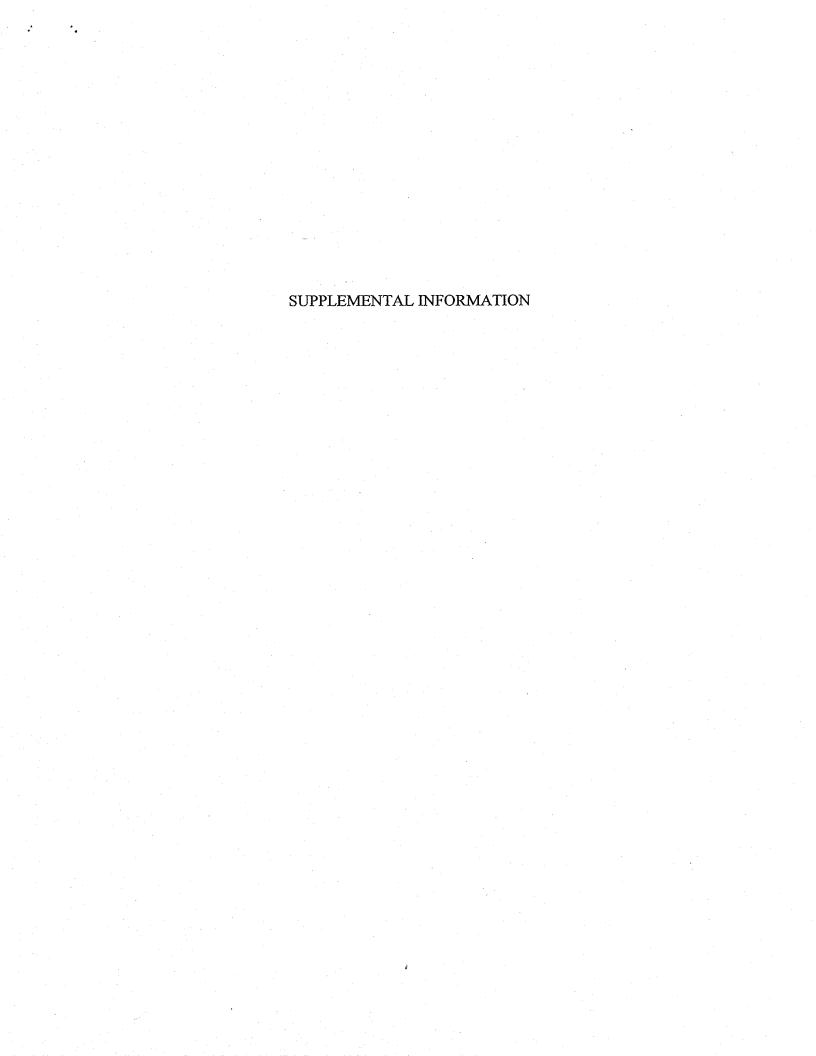

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for indential assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2011 and 2010.

| | Fair Value Measurements December 31, 2011 | Level 1 Valuation | Level 2 Valuation | Level 3 Valuation |
|------------------------------------------|-------------------------------------------|----------------------|-------------------|-------------------|
| Investment securities Available for sale | \$ 911,020 | \$ 911,020 | \$ - | \$ - |
| | Fair Value Measurements December 31, 2010 | Level 1 Valuation | Level 2 Valuation | Level 3 Valuation |
| Investment securities Available for sale | \$1,377,382 | \$ 1,377,382 | \$ - | \$ - |

Fair value of investments securities available for sale is determined by obtaining quoted prices on nationally recognized securities exchanges when available. If quoted prices are not available, fair value is determined using matrix pricing, which is a mathematical technique used widely in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL 980-1077 REQUIRED BY RULE 17a-5

To the Stockholders Register Financial Associates, Inc.

In planning and performing our audit of the financial statements of Register Financial Associates, Inc. for the year ended December 31, 2011, we considered its internal control structure, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including test of compliance with such practices and procedures) followed by Register Financial Associates, Inc. that we considered relevant to the objective stated in Rule 17a-5(g). We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedure for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company related to the following: (1) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate

because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, that we consider to be material weaknesses as defined above.

In addition, no facts came to our attention indicating that the exemptive provision of Rule 15c3-3 had not been complied with during the year.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2011 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON 770 980-1077 PROCEDURES RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION

To the Stockholders of Register Financial Associates, Inc

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2011, that were agreed to by Register Financial Associates, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Register Financial Associates, Inc.'s compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Register Financial Associates, Inc.'s management is responsible for the Register Financial Associates, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries noting no differences;
- 2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2011 with the amounts reported in Form SIPC-7;
- 3. Compared adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences;
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences;

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
